UNION REPUBLICAN GENERAL COMMUTTEE A STORMY MEETING-DEFEAT OF COLLECTOR MUEPHY.

On Thursday evening, Oct. 6, the Union Reselliese General Committee ordered the primaries to be hed this evening, in the several wards, for the election of delegates to the various nominaling conventions, the credentials to be aigned by the Inspectors of Election and by the secretaries of the respective district organi spilons. Mr. Mathew Stewart, the member from the Hd Assembly District, who was promised a position under Tammany Hall, states that on Thursday, Oct. 6, he was called upon by Mr. Mark Lanigan of No. 46 Jamesst., his fehow-committeeman in the Hd Assembly District. Mr. Lanigan opened the conversation by mysterbously remarkang: "Now, Siewart, you have been fighting this thus out for a good while, and have got nothing for it." "Wint do you mean by that 1" inquired Mr. Siewart, "Well," said Lanigan, growing more mysterious still, "Mr. Smith wants to see you." Mr. Siewart naturally inquired "What for 1" "Well, he wants to give you a position—5150 a month and nothing to do." "What is that for 1" "How the information was conveyed, it would perhaps be hard to tell, but it was very plainly infimated that Mr. Siewart, in return for this generosity on Mr. Smith's part, was to vote with that gentleman in the meeting of the Republican General Committee, which was to take place that evening; or, in other words, that he was to cast his vote against any arrangement that might be made with the Yong Democracy. Mr. Stewart refused in terms forcible and unequivocal. But it seems that his would-be benefactors were not satisfied, but were determined to force this improvident man to take more been to his financial improvement. not get last Fall, there are assuredly some encouraging omens to sustain honest electors in a vigorous endeavor to throw off the incubus of sham Democratic the primaries to-night, and the conventions that are to held a meeting last evening at the Caurch of the Ascen follow. There are a great many Republicans who unfor- | sion, on Fifth-ave., the Rev. J. Cotton Smith, pastor, at tunately take no other part in politics than to vote, and tunately take no other part in politics than to vote, and these do not always vote when unsuitable men secure nominations by manipulating caucuses. The most effectual way to prevent such nominations is for all good people to turn out to the primaries, and thus defeat packed delegations. This done, there will be no unfortunate necessity to boit "regular candidates." The party has suffered too much already from ill-timed and ill-chosen nominations. The Tributan kas held it a duty to which mere than 12,000 copies daily, of educed a revolunce. These publications and curring the past which mere than 12,000 copies daily, of educed a revolunce. give support to the State ticket. Mr. Dutcher is United States Supervisor of Internal Revenue. For Congress in the HII District, E. D. Webster is the only person prominently mentlened, and his boundation seems to be conceded. There is reasonable how of the Republicans being able to carry this district. Next to the choice for Congressional honors a lively canvass turns upon the nomination for Register. The chims of two or three gentlemen have been urged by their respective friends, but between an expression indicative of popular preference and the action of the Convention it is difficult to predict the candidate. Major James McLeer has doubtless the preponderance of public favor. He has run three times before the people, on the Republican tocket; was elected Andiror the first time over-coming powerful odds, was re-nominated the second term and barely defeated, Last Fall he consented to run for Street Commissioner against a strong candidate of the Eing, because it was believed his name would strengthen the ticket. His Democratic opponent received the certificate of office, but Major McLeer unquestionably received the most votes. District Attorney Morris, (Democrat), declared in his Atheneum speech that McLeer was elected by 5,000 majority, but convicted Ring canvassers counted him out. The fact publically proclaimed by a Democratic prosecuting officer, contributed much to the popular desire to vindicate the purity of the ballot, and the right of the people to their own choice in the person of the defranded candidate.

Major McLeer is a one-armed soldier, and served with heroic distinction in the late war. His official cendact when Anditor was the most unexceptionable. He is manifestly the choice of the soldlers and the young Republicans of Kings. The mane of S. T. Maddox has also been favorably mentioned, but it is stated that Mr. Maddox does not desire the use of his name to prejudice the artificate when he ran, but his popularity in the county at large as a candidate has not yet been tested. REGISTRATION.

HOW THE NEW LAWS AFFECT THIS CITY. The new laws make several important changes

in the regulations for the registration of voters, and leave some important questions in a disagrecable state of uncertainty. The Board are required by law to meet tomorrow at the poling-places, and in all districts which it was a properly and the poling-places. at the last annual election cast over 400 votes, they may also sit on Wednesday. Since the last annual election, however, New-York City has been redistricted by Mayor Hall; the boundaries of many of the districts have been changed, and the numerical designation of nearly all has been altered. It is, therefore, impossible to tell that ony of these changed districts cast more than 400 votes at the last election, and as the Mayor, in making new districts, is required to form them "so that each election district shall, as near as may be, contain not more than see electors," the presumption of law would probably be that none of them cast more than 400. The following districts, which at the last November election cast more than 400 votes, have not been changed, and about these, consequently, there is no dispute that the Board can sit two days: VIIth Ward, Dist. Nos. 11 and 15; XIIth Ward, Dist. No. 17; XVIth Ward, Dist. Nos. 3 and 6; XVIIth Ward, Dist. No. 20; XXth Ward, Dist. Nos. 2, 3, 11, 12, and 18; XXIst Ward, Dist. Nos. 4, 5, 6, 9, 12, 13, and 20; XXIId Ward, Dist. Nos. 13, 15, and 19. We strongly urge our friends, therefore, not to trust to a second day's registration, with the chance that Tammany, after permitting the list to be ninde, may see fit to throw it out as illegal, but to be on hand promptly Tuesday morning. The Registers are required to meet at 9 o'clock a. m., and it has always been understood that they would remain in session until 9 p. m., though the law omits to prescribe this for the first meeting.

The second meeting of the Board of Registry, for the correction and revision of the lists, takes place on Monday, Oct. 31, and Tuesday, Nov. 1. With respect to this meeting there is no ambiguity. It lasts two days, whatever the size of the district, and the hours are prescribed by law, from 9 a. m. to 9 p. m. After 9 p. m. on the 1st of November there can be no further registration, and no one can vote under any circumstances whose name is not found on the lists.

It is essential that every voter go in person to be regis-Gred every year. The lists are made out anew, and those of last year are of no use. You cannot get a friend to register for you. The Inspectors themselves, though they personally know you to be a voter, cannot inscribe

your name unless you personally present yourself.
The qualifications of a voter are, that he shall be 21 years of age and a citizen of the United States, and shall have resided a year in the State, four months in the county, and thirty days in the district from which the officer for whom he votes is to be chosen. Thus, a man who has moved from one Assembly District of the State to another, within thirty days of the election, may vote for the State ticket but not for Assemblyman. It a natleast ten days before registration. Under the old law it was sufficient if a voter completed the conditions of age, residence, and citizenship before the day of election; but under the new he must be a fully qualified roter before he can register.

No property qualification is now required of colored

men. They vote on precisely the same terms as whites. The Board of Registration consists of three Inspectors, the law providing that two should be elected in May, and the third appointed by the Mayor from the party in opposition to the two others. The offices of those Inspectors who did not take the oath of office within 20 days after their election or appointment were vacated, and the Mayor is authorized to fill the vacancies. The Mayor is also authorized to redistrict the city. In doing so he has changed the boundaries of all but 140 of the old 337 election districts; and it is claimed, and probably correctly, that in this way the office of every Inspector elected or appointed last Spring for any district of which the boundaries are changed has been vacated, and the Mayor will appoint to fill such vacancies.

The districts of which the boundaries are unchanged, are the following :

The Inspectors, sitting as a Board of Registry, have power to examine under oath any person who presents himself for registration, and they are to refuse to register his name unless he can show to their satisfaction that he is entitled to vote. The concurrence of two of the three Inspectors is required before a name can be entered. If the applicant is a naturalized citizen he may be required to show his papers or else to give satisfactory proof of his inability to do so.

On the Thursday before the election (Nov. 3) the Reg-

isters are required to be in attendance at their last place of meeting from 9 a. m. to 9 p. m., and any elector is then at fiberty to scrutinize the list and indicate any names which he believes to represent persons not qualified to vote. Against such names the Registers are to place the words "to be challenged," and, on the day of the election, no one shall vote under those names without taking the prescribed oath. IN OTHER PARTS OF THE STATE.

In Brooklyn and other parts of the State the law of registration remains as it was last year, the act passed by the Legislature last April applying only to the City of New York. In the other districts the necessity of personal attendance at the places of registration is, however, imperative, just as it is here.
